

Spero Medical

Volunteer Application

2023

About Us:

We are a faith-based, 501c3 community outreach organization that serves women in unplanned pregnancies. We do this by helping women individually overcome obstacles that prevent them from achieving the full potential of their lives. Our intent is to share the support of a loving God through word and deed so every woman becomes aware of the value of her life and the life of her baby.

Our Mission:

We exist to promote the sanctity of all human life, born and unborn, by providing life-affirming services which empower mothers to choose life.

Our Vision:

Every woman in Yolo County can easily access all the spiritual, educational, medical, and support resources she needs to choose life for her baby.

Our Commitment:

We are committed to creating an awareness within the local community of the needs of pregnant women and of the fact that abortion only compounds human need rather than resolving it. As such, we do not make referrals for abortions, and we do not discriminate in providing services because of race, creed, color, national origin, age, or marital status. We are also committed to sharing the love of Christ, always with gentleness and respect.

We are committed to assisting women to carry to term by providing emotional support and practical assistance, through the provision of God's people and the community at large. Women may face the future with hope and then plan constructively for themselves and their babies.
